

## Sunlite 55150-SU Slide Dimmer Control with On/Off Switch, LED Locator Light, Use for Chandeliers, Recessed Lights, Ceiling Fixtures, 120 Volts, 700 Watts, UL Listed, Ivory Color 1 Pack

### DESCRIPTION:

The Sunlite slide dimmer control with on/off switch allows you to adjust the light to set the mood. Slide it low for a more intimate setting or higher for task lighting and everything in between. Built-in on/off toggle switch allows you adjust the light before turning it on or maintain the previous setting. LED indicator light helps locate the switch when turned off. Ivory colored dimmer installs in standard switchboxes with decorative-style cover plate (not included). UL Listed. 120 volts. 700 watt resistance.

### FEATURES:
