

Sunlite grounded three-way switches allow you to operate lighting fixtures from 1 or 2 locations. These decorator wall switches feature a standard on/off rocker. For 15 Amp, 120 Volt service.

Rocker Switch

DESCRIPTION:

Switch to a more visibly pleasing and accessible method of light control by employing Sunlite's grounded 3 way rocker light switches. These light switches are less prone to snagging, aesthetically and physically stand out less, and are much more accessible for those with physical ailments when compared to a traditional toggle switch. A key feature found in Sunlite's 3 way rockers is the ability to take control of this switch from multiple location.

FEATURES:

- *DECORATIVE DESIGN - These white decorator wall switches feature a standard on/off rocker.*
- *3-WAY - Three-way switches are designed to allow you to operate lighting fixtures from 1 or 2 locations.*
- *SIMPLE INSTALLATION - Easy to install into standard switch boxes in 15 minutes or less.*
- *MULTIPLE USES - Suitable for commercial or residential use. For new installs, renovations, or replacements for broken switches.*
- *UL LISTED - These grounded switches are tested to meet UL's rigorous safety standards. For 15 Amp, 120 Volt service.*
